THE ART OF COLOR AND ELEGANCE: THE NEW BELVEDERE CHAMPAGNE & BORDEAUX

Introducing the Belvedere Champagne & Bordeaux, the latest exquisite additions to Carl Suchy & Söhne's beloved Belvedere collection.

Embodying elegance and sportiness, the Belvedere Champagne and Bordeaux models distinguish themselves through their refined color schemes and carefully chosen materials. The Champagne variant dazzles with its rich golden hues, while the Bordeaux captivates with its deep, luxurious red. Both watches feature a luminous golden second hand and Super-LumiNova filled indices, highlighting the meticulous craftsmanship and attention to detail that defines Carl Suchy & Söhne.

A special feature of the Belvedere wristwatches is the unique date display, which is also present in both Champagne and Bordeaux versions. The moving date window, which advances day by day, not only guarantees excellent legibility, but also creates a vibrancy on the dial. The golden rotor, embellished with a finely micro-engraved facade of the Belvedere palace, transforms each watch into a singular objet d'art, exuding exclusivity.

Whether for formal occasions or casual outings, the Belvedere Champagne and Bordeaux watches add a touch of timeless sophistication with their elegant color tones.
